SONIC™ THE HEDGEHOG

...Has returned to his home planet Mobius to learn that a full year has passed while he was in outer space.

During that time, Doctor Robotnik, a.k.a. Eggman, declared war on the Kingdom of Acorn and the nation of Station Square.

Now Sonic and Tails, trailed by a team of backup freedom fighters, have traveled north to Old Megaopolis to prevent the mad techno-tyrant from launching atomic weapons at both of these targets.

Meanwhile, Knuckles, his team of Chaotix, Amy Rose, and the Acorn Royal Guard are about to battle Robotnik's robot army on the Badlands outside the irradiated city of Mobotropolis.

WILL THEY SUCCEED?

THIS JUST IN!

Our four-part **HOME** story is coming up to its senses-shattering conclusion next issue. Don't miss the final chapter of Sonic's eventful return home! His family and friends thought he was dead but now he's back-- and in the fight of his life with Robotnik's mysterious henchman, uh, woman, Mecha! Are the Mobians in danger of losing Sonic again?! Meanwhile, Knuckles and the Freedom Fighters make their final stand against the Warbots on the wasteland in front of Robotropolis! SCRIPT: Karl Bollers. ART: Steven Butler (pencils) and Jim Amash (inks). ALSO: "Mobius, 25 Years Later" continues with future Knuckles and Antoir having a serious summit over developments on the planet! SCRIPT: Ken Penders. ART: Steven Butler (pencils) and Ken Penders (inks).

Also, in case you didn't notice, last month there appeared a name new to the Sonic credits. It is Mike Pellerito, our new assistant editor. I started on this book as an associate editor before becoming the editor, so this makes him the first assistant editor the book has ever had. I've asked Mike to introduce himself in the next editorial in issue #133.

In the meantime, he's taking over the letters page column from Ken Penders as of this month. Check out the new email address to send your letters to. Mike promises that he will read every letter, be it snail mail or email that comes this way. So give him a hearty welcome.

So until next month, catch you on the flip side!

THANKS TO THE FANS WHO WROTE IN THIS MONTH!

BELIEVE IT OR NOT, WE HAD TO PROOFREAD THIS.

Dear Sonic Grams,
I've never written to any of the regular comics series that I enjoy. But you're the exception.

I LIKE YOU ALL READY.

Which is why this is the third time I've written to you. Why? Because I believe that you care and actually read every letter you receive. I found my name in the "Find your name in print" section, you guys used to have as a sort of proof.

Note: Due to the overwhelming amount of e-mail and snail mail, it is impossible for us to reply personally to each and every message. However, your opinions are important to us and each message will be read. Also, due to space limitations, some correspondence may be edited.
Thanks for understanding!

I CAN TELL YOU THAT I DO READ EVERY LETTER, AND LOOK AT JUST ABOUT EVERY FAN ART. I CAN ALSO TELL YOU, WE ARE GOING TO START "FIND YOUR NAME IN PRINT" SORT OF ON EVERY LETTERS PAGE. SEE, TOLD YOU I READ YOUR LETTERS. EVEN THE WEIRD AND FRIGHTENING ONES, NOT THAT THIS APPLIES TO YOU.

I've witnessed drastic changes in the comic book such as the disappearance of the 4-story issues and the magazine cover that readers mostly opposed to. So, that is why I'm continuing to express my thoughts to you. I've read #125 at least ten times because of its quality in all areas.

YOU REALLY SHOULD BUY ONE COPY EVERY TIME YOU READ ONE. JUST A SUGGESTION. (SHAMELESS PLUG#1)

And the "Tossed in Space" turned out to be quite interesting considering I had my doubts about a hedgehog in space.I actually predicted that Sonic would run into E.V.E. in space since that's where he went way back when. But I was hoping he would also meet up with (more stable but also misdirected) Cir-Heem. But it's a big space out there so meeting them both might be too big of a coincidence. I love the two-story format you've been doing lately. But could you keep away from the off-panel stories and the spy vs. spy strips! They're cute and all for maybe one page but it takes away from what I think most fans want to see in the limit of twenty-two pages: the Sonic adventures. Two thumbs up on "Trial of the Bem"!! Great plot and great twists (like the head magistrate actually being on Ceneca-9009's side and the twist at the end when 9009 appeared to have escaped in a spaceship when it was really Sonic!) A lot of mysteries were solved in issue #129. All the Mobians were deroboticized and now we know why. But what about Sonic's father who is still a robot? And why didn't Sonic ask the Bem about it? Here are a few more questions if you don't mind: Are we ever going to find out what Tails is the "chosen one" for? Monkey Khan's last appearance wasn't much of a happy one if I recall correctly. What's going on with him these days? Lastly, I just want to say thanks for putting out the Sonic: The Beginning trade paperback. I was lucky to have found issue #2 of the mini-series in a comic shop. Now I'm only missing issues #4, 10, and 11 of the regular series.

I THOUGHT YOU WERE A FAN?! DON'T WORRY ABOUT TAILS AND KHAN, THOSE STORIES WILL BE TOLD VERY SOON.

Also, about the issue of molding the Sonic comic to fit Sonic X or any future Sonic games, I'd have to say "no" to that. I don't really enjoy Sonic X and I think the comic should say as original as possible. Besides, Sally isn't in the new show! Sally is a must! Thanks for taking the time out to read my letter and thanks for the 10+ years of amazing Sonic stories, super specials and mini-series. Can't wait till "25 years later"!!!
Sincerely, Brian the Blue Blur 21 years old!
Yes, you've got some fans that have stuck with you all the way!

GLAD YOU READ THIS CAUSE YOUR STUCK...

Dear Sonic Crew,
I would love it if you added Omega (appears in Sonic Heroes coming in 2004), Cream, Chocolate and Cheese, E102 Gamma, E101 Beta, Big and the Cat and Chaos Zero. And leave Sally, Rotor, Bunnie and Antoine out for a while cause they're not in any sonic games cause they're not real guys and make a special issue and do what I said if you want more fans cause people love Cream and her chaos and the robots (just a suggestion). I haven't been a fan for long cause I found out about your comic in July.

LOOK FOR THE CHECKLIST IN THIS VERY BOOK, YOU CAN BUY ALL THE SONIC BACK ISSUES YOU'VE EVER WANTED. (SHAMELESS PLUG #2)

And the art is amazing go Spaz and thank you Joe Pep for the letters page. Best wishes Sonic I'm a big fan of Sonic the Hedgehog and I'm becoming a fan of your comic. And I loved #125 you did the Shadow story it rocked my world SHADOW ROCKS! And I loved it when rouge saved Corbin from Dr. Eggman controlling the limos via remote that rocked keep it up Sonic crew your comics are cool they should have more characters that come from SEGA games not made up. I'm totally disagreeing with the idea with no new characters and agreeing with adding Cream. May Sonic have cool adventures and Eggman lose.
